Diagnostic Pathology: Bone, 2e

Synopsis

Diagnostic Pathology: Bone was designed for practicing pathologists who need access to up-to-date, comprehensive, and concise bone pathology knowledge in one convenient place. It includes the latest diagnostic information in this challenging subspecialty, while its unique image collection serves as an exceptional educational aid. Authored and updated by experts in the field, Diagnostic Pathology: Bone will be an essential guide to understanding bone tumor pathology and diagnosis. Features quick-reference test data tables and diagnoses of various bone and cartilage tumor types. Templated page layout, bulleted text, and a generous number of high-quality images for point-of-care clinical reference. Stunning image collection includes gross pathology, histopathology, immunohistochemistry, FISH, and correlative radiologic imaging to serve as an exceptional educational aid. Brand-new chapters covering Ewing-like sarcomas with specific translocations, other types of vascular tumors of bone (new entities), and tumors of the synovium. Includes new molecular pathology diagnostic information for bone tumors and new immunohistochemical antigens to identify bone pathologies. Expert Consult eBook version included, which allows you to search all of the text, figures, and references from the book on a variety of devices.

Customer Reviews

"Bone pathology is one of the most subspecialized and challenging areas of pathology. The senior editors and authors of this book are well recognized and highly regarded bone and soft tissue

pathologists and radiologists. This book makes the authors' knowledge and their approach to bone pathology accessible in an organized and systematic fashion. Clear subheadings and the bulleted format make the book easy to read. The wealth of high quality radiology, gross, and microscopic images is certainly a strong point. Anyone even remotely interested in bone pathology will find this an invaluable addition to their resources." - Nooshin Dashti, M.D (Mayo Clinic) Doody's Score: 100 - 5 Stars!
