Customer Reviews

When I first started the book wasn't sure if finish it. Was glad I did. Was kind of confused but the more I read the clearer it got. Glad I continued!!

Again another good clean book. I only gave it a 4 because of the many mistakes that are made in the writing. I'm sure John is writing at great speed but whoever edits his books please pay attention and take words that belong or makes sentences read weird. But don't let that stop anyone from reading Johns books. They're great interesting and best of all clean. Go John get the next edition out. God bless

as with all of his work John Dalglish has done it again . I start reading and have to force myself to put it down.

Fast pace & very interesting read. Spirit realm with a twist!

Loved this entire series - actually surprised that I did but didn't want them to end.

very entertaining

Love this series! I want more!!

Starting to get with these books ** I think the fact that God is so much a part of the story it helps to get more out of it
