The King Brothers: Rise Of An Empire

Synopsis

From one mother came four ambitious, strong-willed and determined brothers by name of Vice, Boosie, Angelo, and Vidal. They were known around the slums of Chicago as The King Brothers. Love and loyalty was the foundation they stood on top of. The King Brothers raised each other while watching their mother finesse the streets. Vice, the oldest brother only valued two things out of life, his family and his money. As he grew older he realized that there was more to life than hustling, kicking it with his trigger finger soldiers and training his pit bulls. He now desired something of substance – a woman that could become his wife. Boosie was what you would refer to as “more than what meets the eye”. It wasn’t a secret that he loved the streets and the streets loved him back. But once his daughter is born he’s ready to wrap up the fast life for the sake of being around to see his baby girl grow older. Coming home from a five year bid Angelo only had one thing on his mind and that was money. Money ruled everything in his small world even while he was locked down. Whereas the other brothers are itching for retirement, Angelo is just getting started with rebuilding the King’s empire. Vidal, the baby of the bunch is also the troubled child. Picking up his first gun at eight years old everyone around him saw that he was headed for self-destruction – except his brothers. New-comer author, Dream is hitting the ground running with this explosive, mind-blowing page turning series that is guaranteed to grasp your attention. The King’s Brothers are a group of hustlers like no other. When the blood is no longer thick and loyalty is being tested what do they do? Their mother’s past comes back to haunt them and leaves the lives of the ones closest to them in jeopardy. Will the King brothers ever be able to look at their precious mother the same? Will Vidal take heed to his brothers advice and slow down in the fast lane? Will Angelo fall in line and stay out of trouble? Boosie’s only concern is his daughter so will he be able to balance business and being a father? Vice is who makes the decisions but with someone new in his life he’s ready to be done with the game.

This was a great first book from Dream! I can't believe all the deception and the backstabbing of those who we think are closest to us. The only things that I felt could have been stronger was the character development. Denim and Vice seems to have been trying to start a relationship then it said that months had gone by but we didn't get any real in depth views into their intimate times. I felt that as a boss Vice could have been a lot stronger and wiser. Some random stranger calls you to meet up and you just go like that? Also to put your hands on your own mother because she wasn't who you thought? I just think more time could have been spent allowing us to get to know the characters better. But I do like Mel and Vidal's relationship. I'm ready to read part 2 though!

It was an amazing ride. I tried to figure it out but the King Brothers are bad to the bone. It has more twist and turns than a roller coaster and more excitement. See whatever you do in the dark will come to light.....Mom has SECRETS!!!! Can't wait for the next book.... Brother is a dog and best friend is not to be trusted. Dirty Dog!!!!

This book is a great read!! Characters are well developed, and the storyline is amazing. I felt terrible for Mel. I hope that Denim gives Vice another chance despite what she saw. Angelo, Nia and Rich should be ashamed of themselves. I hope everything works out for Boosie. I love Vice and Vidal!

I bought this book to support a new Author. Little did I know that you would shoot up my "I will buy whatever they write knowing it will be good list"Please don't drag this story out to 3,4 &5 issues.

The book is a must read. Dream did an amazing job developing her characters and creating a story line that flowed. I'm patiently waiting the release of part 2.

I GIVE IT FIVE STARS. I COULDN'T PUT THIS BOOK DOWN. OMG I CAN'T WAIT FOR PARK 2. GREAT READ INDEED.

Wow I had to First consider and I just what I read because his story has so much loyalty but the same time so many backstabbers. Vice has four younger brothers and they all stand for or should I say behind their name the king's they are loyal and death before dishonor. Vice is the oldest who's intuition and skills keep them ahead of the game but he will soon find out that the rats are in his camp to his and they will have to suffer. Vice Angelo Vidal and Boosie all the kings and they are running the streets love Chicago! All these men have women except Vice who is going to need to be someone very exceptional to handle him. Males man is vital and her best friend is Denim and Shateria. Vice is in love with dinner he just doesn't know it yet. The King's mom is seeing who has her own secrets in background. But everyone is looking good and knowing that there may be a war with a certain cartel along comes another Discovery and it gets even maybe worse? I love the way the brothers finesse and move around but at the same time everyone has their secrets and the skeletons are going to start falling out the closet very quickly especially beginning with Cyn. It is getting ready to is going to be Hell on Wheels and I recommend anyone to read this book!

This book started off slow I guess to give us a little background on the characters but it eventually picked up and I must say you can't always trust those people that are the closest to you. Will Vice kill Rich after realizing he's a snake. Curious to know what the relationship between the brothers is going to be like once they find out Angelo has been plotting their demise. I like Demi and Vice together. Nia needs her butt kicked. Can't wait for Part 2. Congrats Dream on your first book.
