Customer Reviews

Searching for the perfect job, the Bear siblings learn to celebrate the many talents of others and begin to imagine where their own God-given gifts will take them as they grow.

Stan and Jan Berenstain introduced the first Berenstain Bear books in 1962. Mike Berenstain grew up watching his parents work together to write about and draw these lovable bears. Eventually he started drawing and writing about them too. Though Stan died in 2005, and Jan in 2012, Mike continues to create the delightful Bear adventures from his studio in Pennsylvania, in an area that looks much like the sunny dirt road deep in Bear Country.

My daughter loves these books and they are easy for her to read, not only that but they have a story to them and it helps her learn at the same time. I love that they stories for many different situations in life. Great book.

My Kindergartners loved this story. It does include reference to talents from God, but I was able to easily take these out to use at school. But I included the references when reading it to my 4 year old daughter who really enjoyed the book.

I love these books! They are the perfect stories for elementary school aged kids who are learning to read. My 7 year old granddaughter loves reading them!

Love the Berenstain Bears. This is a nice read for little ones about jobs. Not complicated. Easy read. Great pictures.

My granddaughter loved this book.

4 and 6 year old kids really enjoyed it. Easy enough for my first grader to read to herself, as well.

I love almost all the Berenstain bears books so this one is not different great book if you have read other Berenstain books

Great book
