George Lucas: A Life

Synopsis

The essential biography of the influential and beloved filmmaker George LucasOn May 25, 1977, a problem-plagued, budget-straining independent science-fiction film opened in a mere thirty-two American movie theaters. Conceived, written, and directed by a little-known filmmaker named George Lucas, the movie originally called The Star Wars quickly drew blocks-long lines, bursting box-office records and ushering in a new way for movies to be made, marketed, and merchandised. It is now one of the most adored-and successful-movie franchises of all time. Now, the author of the bestselling biography Jim Henson delivers a long-awaited, revelatory look into the life and times of the man who created Luke Skywalker, Han Solo, and Indiana Jones. If Star Wars wasn't game-changing enough, Lucas went on to create another blockbuster series with Indiana Jones, and he completely transformed the world of special effects and the way movies sound. His innovation and ambition forged Pixar and Lucasfilm, Industrial Light & Magic, and THX sound. Lucas's colleagues and competitors offer tantalizing glimpses into his life. His entire career has been stimulated by innovators including Steven Spielberg and Francis Ford Coppola, actors such as Harrison Ford, and the very technologies that enabled the creation of his films-and allowed him to keep tinkering with them long after their original releases. Like his unforgettable characters and stories, his influence is unmatched.

Customer Reviews

Praise for George LucasOne of the Best Books of 2016 - KirkusA San Francisco Chronicle and The Globe and Mail Holiday Gift Guide Pick One of Bustle's "Best Nonfiction Books of December" One of 's Best Books of December"George Lucas is a terrific book! Brian Jay Jones has pulled off the rare trick of writing a biography that appeals to both hard-core fans and casual readers. It is filled with fascinating details, backed up by deep and dogged research, woven into a breezy, fast-paced story that effortlessly pulls the reader into Lucas's world. Future film buffs and historians will look back on George Lucas as a landmark achievement."Debby Applegate, Winner of the 2007 Pulitzer Prize for The Most Famous Man in America: The Biography of Henry Ward Beecher"Like the famous opening shot of the very first Star Wars, George Lucas: A Life is sweeping, humbling, and instantly transports you into the world of the mad dreamer. Fellow nerds unite! Finally, we get a book that examines the history of a titan who really changed our lives. Beautifully obsessive and relishes every detail. Just like us."Brad Meltzer
