The New Oxford Annotated Apocrypha: New Revised Standard Version

Synopsis

NOTE: This Item is a Annotated apocrypha and not an annotated bible. The New Oxford Annotated apocrypha offers a vast range of information, including extensive notes by experts in their fields; in-text maps, charts, and diagrams; supplementary essays on translation, biblical interpretation, cultural and historical background, and other general topics. Extensively revised--half of the material is brand new--featuring a new design to enhance readability, and brand-new color maps, the Annotated Fourth Edition adds to the established reputation of this essential biblical studies resource. Many new and revised maps, charts, and diagrams further clarify information found in the Scripture text. In addition, section introductions have been expanded and the book introductions present their information in a standard format so that students can find what they need to know. Of course, the Fourth Edition retains the features prized by students, including single column annotations at the foot of the pages, in-text charts, and maps, a page number-keyed index of all the study materials in the volume, and Oxford's renowned Bible maps. This timely edition maintains and extends the excellence the Annotated's users have come to expect, bringing still more insights, information, and perspectives to bear upon the understanding of the biblical text.

Better than just a dictionary

This book is a great companion to the Bible.

awesome

I will be starting a group study of the Apocrypha soon and I ordered copies for our group. I know that the annotations will help us understand some of the historical context of the writings.

Got it for college, never used it... but it's good to have.

Got it to me on time and new as described.

Love it!
