Homes And Buildings Coloring Book (Easy Coloring Books For Grownups And Kids) (Volume 6)

Synopsis

This coloring book is for both children and grownups who want easy drawings to color. Most of the drawings are simple, though some are more complex. The 23 designs include a wide variety of buildings...something for everyone! You can even create a mural or write on the side of a building. There are dotted lines at the side of each drawing. There is only one drawing per piece of paper, so if you wish to cut them out and save them, use the dotted line as a guide. Whether you need a coloring book for an adult or a child, this is one to consider!

Customer Reviews

Coloring book is exactly what I was looking for - large easy to color pages without overly intricate details. Coloring should be fun not work! I like that I was able to find a coloring book that didn't make me feel like a toddler, most of the adult coloring books have very small areas and take lots of concentration.

a bit to easy for me !

Great
