Synopsis

It has been almost twenty years now since internet personality Seth Godin released his directory of celebrity email addresses, it became a bestseller. A few years later we saw a few copycat books, but we haven't seen a celebrity email address directory for over a decade! There are lots of celebrity mail address directories, including my own offering The American Celebrity Address Directory which has archived over 8000 verified American celebrity addresses. Have a search for that Kindle book on if you are serious about contacting A-list celebs for autograph requests and fan mail! That book contains addresses for the likes of Johnny Depp, Brad Pitt, Madonna, and a whole host of other huge names! I've also released published series of smaller books including the British Celebrity Address Directory which contains over 1500 British celebrity addresses, and the Beverly Hills Celebrity Address Directory which lists only those celebrities that live in Beverly Hills. Each is an invaluable source for autograph hunters. After releasing those carefully collected and compiled addresses I had the idea of creating the first celebrity email address directory for over a decade, I was aiming for 3000 celebrity email addresses and it would have been sold for \$6.99. Then came my problem, and the reason why nobody else has done this, it is simply extremely hard to find verified celebrity email addresses! I managed to find over 500, and those are listed in this book. Instead of selling for \$6.99, I am going to sell this small collection for \$1.99. The big names in this book include Jon Bon Jovi, Nicholas Cage, George Clooney, Tom Cruise, Robert DeNiro, Clint Eastwood, Tom Hanks, Madonna, Brad Pitt, and Keanu Reeves. This is not a lame book; it just isn't as big as I had first hoped! If you are serious about building a priceless collection of signed items then I think The American Celebrity Address Directory is the one that you need, this book just compliments that major collection! DETAILS- 500+ verified celebrity email addresses- Good companion to The American Celebrity Address Directory (8000+ Addresses)- Only \$1.99 or £1.49!

Customer Reviews

Some of the names in this book are no longer alive. But overall I feel this is pretty good for the price that I paid.

tried several addresses from this book and all came back saying that addresses are no good or out of date.

I tried writing several of the artists listed in the book. It became clear that most of the addresses were now changed. Waste of money for me.
