Don't get me wrong I love the option of renting rather than purchasing the book but there is quite a few highlightings throughout the book in different colors. As long as I don't get denied to return the book, I am ok with it.

One of the best Public Management texts available. My professor used this text in a Public Admin class last year and I constantly find myself referring back to it.

excellent

I was looking for more of a workbook type information that would assist local government. This was a big broad.

I love this book. It is well explained and easy to understand.

Good book.

Joia!
