Customer Reviews

Franko Maps Ltd. is known for producing the best travel, dive and snorkel maps, guides and fish cards for the Caribbean and other locations worldwide.

Much smaller than I expected and the quality of the lamination left something to be desired.

Great

Too small to much help, but it is plasticized and fits into a trade sided book.

Perfect - as advertised

Good map

Perfect dive card for your dive log. When it comes to logging dives after a long day in the water, these cards make it easy to locate the dive sites you visited.

I thought this would be a large laminated easy to read guide to the Abacos and dive sites and have larger pictures and titles of the coral reef creatures. It measures only 5-1/2" x 8-1/2" - too small to be useful while boating and navigating. The creature pictures are squashed and almost on top of one another and one top of a picture of the reef, making it hard to decipher.
