This book was such an inspiration and help. While my labor was not pain free, it taught me of the importance of leaning on God during my labor. My husband and I prayed through every contraction and I was able to give birth with 0 pain meds, and remained calm. This was my 5th labor a day only to make it med free. I feel this book better prepared me. It was an easy read and I loved it! I also did the declarations in the end of the book. Totally worked!

I loved this book. It gave many scriptures to stand on and use while trying to conceive and throughout the pregnancy. She says over and over again, for you to believe for where you are in

faith. Some people just cannot wrap their mind around a painless birth, or not having morning sickness, but it's truly all about confession. It's a mindset to take what God says is yours, and she teaches that in this book. I loved it and it was a very quick read. The back is full of scriptures and faith filled confessions.

I read this book about three weeks before delivering our second child naturally, at home. I wish I would have bought this book so much sooner in my pregnancy because the power of the Lord was felt and undeniable during all aspects of my labor and delivery.

Just finished reading this book and I loved it. I already plan to read it again shortly. It is a great, easy read that helped me to build faith through testimonials and bible verses. I can already tell a difference in the way I feel about being pregnant (I'm now 35 weeks). It taught me that I can actually feel joy during pregnancy which is good news considering I want at least 4 more kids! My faith is more built up than it has been in quite awhile!

I ordered the audio book and listened to it in its entirety. I must say this book has gave me the confidence I lost when I felt I could not conceive. I'm not pregnant yet but according to God's Word I will become a mother soon. If you have lost faith this book is for you. Thank you God for guiding me to this book.

Awseome book! God is Good! You CAN have a supernatural pregnancy and a pain-free labor & delivery, as long as God is at the helm! We did it and this book was a huge faith builder for us! Get it!

I absolutely loved this book! I read this book while pregnant with my 3rd baby. I really wanted a natural birth experience as I was induced with my first two. while reading this book I declared that I would have a natural birth. I prayed and ask God to grant me the desires of my heart and he did. I asked for God to give me a sign when it was time, and he did, my water broke when I woke up on a Saturday morning. My labor was very easy and I was able to complete the water birth I always wanted. I have recommended this book to every single pregnant women I have came in contact with! when my baby came out I looked at my midwife and asked if that was it. It was way to easy. BEst pregnancy book you will ever find, and the only one you will need.

I really enjoyed this book! A friend of mine recommended that I read it, and I cannot tell you how much it encouraged me. Before reading this book, I found myself becoming very nervous/anxious about the birth process. Then it dawned on me that God would not want me to feel that way. I will be putting the principles that I read in this book when I go into labor (my due date is 9/26/2014.... 2 wks away :o)). I am believing God for a quick, painfree, uncomplicated, delivery and I know he will do it for me. God Bless!!
