"[A]n interesting book that captures the range of the designer's work" —*The Peak of Chic*

Thomas Hamel is an award-winning international interior designer and the founding director of Thos Hamel Pty Ltd. Originally from New York, Thomas trained in the U. S. and London before joining the most famous design firm in the world; Parish-Hadley Associates Inc. Under Parish-Hadley, Thomas was involved with many notable New York City design projects, including Museum Tower, Trump Tower, and United Nations Plaza. His work has been published in *Architectural Digest*, *House & Garden*, *House Beautiful*, *Interior Design Magazine*, the *New York Times*, *Vogue Decoration*, and *Vogue Living*.

This is a must for all interior designers and lovers of the art. Thomas Hamel creates interiors that look like you have lived in them for years and, that you have decorated your home with treasures rather than just objects to fill a space. Very comfortable, elegant yet very inviting spaces. An amazing combination of textures, colors, elements and a great sensibility of space.

Great book!!

The print/colour quality is good. Get this book and understand why T Hamel is a interior design genius. Of note: packaging of the book was miserable and it arrives looking very much second hand.

The book was well done and he had some very professional looking rooms. It was interesting to see an Australian designer.

I have just had another look at this book - in a word elegant. Thomas Hamels' style is traditional with a modern edge. My daughters in law loved the interiors and have referred to it a couple of times. The book would make a beautiful gift. I have mine on a coffee table - everyone who has glanced at my copy wanted to buy it. Overall I recommend this book for its lovely Australian interiors and wonderful photographs.

It's ok
