Customer Reviews

This book gives you the basic information you need on Athens as far as times and entrance prices. There are no comments on difficulty of walking, time needed at each area. Just basic info you can find on a general google search. Also a bit confusing as to what is included at each place, ex. the Acropolis, does it include the Parthenon or is it a different admission price? We had to google the answer to that. In addition there are very few photos. Sorry only giving this 3 stars and being generous, because you can find these things on a general Athens google search.

Borrowed this on the Way to athens and easily planned our three days. Supplemented with map from airport. We agreed with the descriptions.
