# Player!: A Walker Brothers Novel (The Walker Brothers Book 2)

## **Synopsis**

I may have moved from Texas to Colorado, but my reputation followed me--right along with my furniture. Everyone knows...I'm a player. Since I'm one of the billionaire Walker brothers, most of the world knows what I am. It's not like I ever tried to hide it. I never cared about what other people thought about me. I lived to party...or I did until I realized what I really wanted to do with my life. Now, I'm having one hell of a time convincing Paige Rutledge, our new attorney in the legal department at Walker Enterprises, that I'm more than willing to settle for just one woman in my bed, as long as that female is her. Unfortunately, she's not buying it, but I'm not giving up. There's never been a woman I couldn't charm into bed if I wanted to. Problem is, I've never wanted one quite this badly, and the more I get to know her, the higher the stakes are for me. Luckily, I'm a gambling kind of guy. Paige is uptight, driven, and totally hiding something. I want to find out her secrets, but when I do, they are nothing like I imagined. She confuses everything for me, but with her, I'm finding out that maybe I actually don't mind if things get complicated. What's a guy to do when one female turns my life upside down from the moment I meet her? I have no idea what other men might do, but I'm determined to get what I want, and I'm not opposed to doing anything to achieve my objective. Paige is mine, she just doesn't realize it yet...

## Customer Reviews

WOW - Sebastian & Paige connect spirit & soul from their first meeting. Their past brings them together & their healing binds them forever. This story has such a powerful message & perhaps needs to come with a warning that it may contain some confronting triggers for some. Absolutely beautifully well written. Can't wait for Dane's story.

Sebastian Walker was a Player! His life consisted of parties, drinking and women! After getting his life back on track work at Walker family business keeps him busy now. Paige Rutledge is the new attorney and one look at her and Sebastian is caught in her web. Paige had a horrible experience in college and is still closed off from the world. Sebastian is just the man to show her that not all men are evil creatures. Slowly he brings Paige out of her shell and into the light. These two are perfect for each other!!

I like the book enough. It definitely carried the story forward and I can't wait for the next one about Dane. This book was just so lackluster. I got to the half way point and knew that, that's all that would happen and it was pointless from there. After the half way point I just started skipping pages and reading every couple pages and didn't miss anything. This book couple have been way more exciting like the first one it was just so boring. Love at first sight, demons from her past that she doesn't face until it happens to some else, then she realizes she can love. There was no action, no adventure, no risk taking of the heart until the end in a boring way. But you read it so you're not confused when the next book comes out.

Perfect emotional rollercoaster for the ones that love a tear jerker. This book will make you laugh and cry, so bring the Kleenex. But isn't that the perfect book. To me tears mean the author has pulled you into the story and you are feeling what the Characters are feeling. Sebastian and Paige are both stubborn with their feelings towards each other and with their pasts both feel undeserving of love, can the two of them overcome their pasts and realize they will not be perfect unless they are together. Until Next Time... Tabi

I love this couple, Sebastian and Paige. Him because he gave up his arrogant, rich boy, player ways and was ready to love when he ultimately met the love of his life. Her because she was

vulnerable and unable to trust until she found her herself and the man of her dreams. The story had great flow and held my interest from start to finish. Although the story dealt with a very sensitive issue too often suffered by young girls and women, the author dealt with the matter by showing a very strong example of resolve. She also addressed the issue with advice at the end of the book in the 'Author's Note'. But just a note of caution though, if explicit sex scenes are not your thing, this may not be the right read for you. However, if it is, enjoy the story, you will not be disappointed. It's an excellent read. I recommend it.

somewhat disappointing. After Paige sees her rapist she freaks, but goes home with Sebastian and has sex.....can't see that happening in real life ( I know these people are fictional). After no contact with her parents for five years, she forgives just like that? If her parents did believe in her story then they should have been more demanding that she listen to them and find out that her Dad quit his job..... Hope Dane's story is better, we had enough of a set up for it.

Wow! This was an incredible book with a difficult story line that Jan covered with much compassion. Sebastian is a wonderful character who grows up in the last book and leaves his philandering ways behind him. Paige is a character you can't help feeling sorry for. She has been through so much in her short life and now has a way to keep control of her life as she has wanted for the last 5 years. The rape she tells Sebastian about was so wonderfully written that you could actually feel her pain and degradation. There is such chemistry between the two and I am so glad that she was able to get her life back after what she went through. This book is hard to read due to subject matter but so fulfilling with the HEA. Thank you Jan for covering subjects that are often taboo.

I have read every single book of the BILLIONAIRE OBSESSION Series and I have love every single one. Each story has something special and now THE WALKERS bring another element to the whole that make them unlike and wonderful. This trio of brothers have struggled together and apart, but their love for each other shines through each story so far. I hope that Dane can find his happy ending and some one as strong as I'm sure he is.
