## Customer Reviews

This is a beautiful book that you can share with your kids as you color together or alone. The designs can be some difficult for the kids, but will help open creativity. I recommend this book to anyone.

Pretty Autumn pictures, but I think it is too intricate for children. So I think the title is misleading.

My artistic granddaughter loved it! Can't wait to color with her.

I gave this book to my grandma and she loves it! She's always had horses and takes me riding! This will be a keepsake book after we're finished coloring it together over a pot of tea!
