Composting (Garden Squad!)

Synopsis

Good gardeners know how to grow healthy plants. Great gardeners know the secret may be composting, a practice that has skyrocketed in popularity in recent years. Young gardeners will learn the basics of composting with this text, whose hands-on approach to classroom science concepts makes learning fun. This science-rich text covers the basics of decomposition and the impact recycling organic material can have on our world. Readers will also learn about soil makeup, nutrients, humus, and more. Informative diagrams and fact boxes supplement learning.
