# 21 Killer Fastpitch Softball Game Winning Strategies

## Synopsis

How would you like to get your hands on 21 proven "killer" fastpitch softball game strategies that will give you the ultimate unfair advantage over your competition, guaranteeing you a ton more victories? Well now you can with this new 76 page eBook from southern California Master Coach John Michael Kelly. How many times you've lost a really close, really tough, really gut wrenching game that you lay awake in bed re-hashing in your mind about how if you'd only done this or that you'd have been victorious? In this eBook John will give you the secret weapons cache that will guarantee you'll start sleeping like a baby because you'll be winning all those close games. How great would that feel to you and your girls?! Your competition won't know what hit them when you push all the right buttons again and again, game after game! In this new eBook "21 Killer Fastpitch Softball Game Winning Strategies" John has literally unloaded every trick and proven fastpitch strategy he has ever used or observed from coaching and watching 1,000s of fast pitch softball games over the years. These are little known tips, and full blow game and mental strategies that have personally won him a ton of tournament games over his coaching career. While writing this book John's latest fast pitch team just finished a record season as they breezed through Districts, States and Nationals with a combined 17-4 record against the absolute best competition anywhere, and an overall 45-14 for the season. This fast pitch softball eBook is chocked full of fresh game strategies and insights that John has proven on the field in the competitive softball arena of southern California, home to some of the best softball in the world. Here's a partial list of game changing situations you'll come out on top most every time with help from "21 Killer Fastpitch Softball Game Winning Strategies:"-- Create super hitters with just one simple mental strategy that will leave pitchers defenseless and create massive on base percentages!-- Spin your opponent's defense in circles with this small ball strategy-- it will blow your mind and blow your competition out of the water-- even the toughest pitchers won't stand a chance against you!-- Use the running game to your fullest advantage with this game changing strategy.-- Make your pitchers absolutely DOMINANT in any game situation against even the most feared hitters with this "old school" slam-dunk strategy!-- Use this simple but potent game strategy guaranteed to win you the close and tie breaker games. You'll shut down your opponents while manufacturing that key run or two to come out on top EVERY TIME!-- Six proven 1st and 3rd defensive strategies designed to neutralize or cut down that runner at third base.-- Game saving clock management strategies that will win you a ton of close games and make you look like a genius!-- Killer base running strategies to get you the extra base that even most Major

Leaguers don't use. -- How to guarantee your players will have laser focus during the game virtually eliminating those game-costing errors!-- How to build a championship team filled with confident & competent players who absolutely love to play the game!-- Learn my proven ATTACK strategy you can apply to your hitting, base running, pitching, defense and even your bench to DOMINATE your opponents every time! Coach K had this to say, "Let me tell you, winning on a consistent basis in SoCal is TOUGH! It is sink or swim survival of the fittest when every team you play is filled with future Division 1 collegiate talent. Well, after coaching over 400 games I have figured out what it takes to win those close games, and give any team the ultimate "winner's edge." Don't go into another season without reading "21 Killer Fastpitch Softball Game Winning Strategies." Prepare your team to play like champions, and look like a genius coach in the process. This book is great for novice and mid-level coaches.

## Customer Reviews

I had just finished reading "How she thinks is how she plays" by John Michael Kelly, which I also highly recommend to any coach or parent of a competitive female athlete and figured I would give this book a quick read. I am a coach that absorbs as much information about softball as I can and

some would consider me a softball junkie. My daughter and team have recently graduated from Rec ball to travel ball. I quickly learned the pace of play and aggressive style was something I needed to learn and to learn quickly. I also noticed that the better teams were always pressing and implementing strategies much different from the old baseball little league/high school thinking that I learned as a kid. I new I had to step up my game and teach a different way of thinking among my girls and coaching staff. Some of the advanced upper level travel coaches probably already use most of the strategies in this book but I think there are some things that any coach of any level could benefit from. It is probably most helpful to the coaches just getting into travel ball or for those coaches that want to take their team to the next level. If a good Rec coach uses these tips in the 10U or 12U level, they will quickly be making the other teams look ridiculous. It is well written and an easy, quick read. At the very least it has made me think harder and smarter about game preparation, the art of being unpredictable and trying to drive the other team crazy by constantly keeping your foot on the gas regardless of your individual player's ability or if you are clearly outmatched by a better team. Although we were out gunned in a recent tournament by several established "elite" teams (or at least that is their club reputation,) we still found a way to make them look silly from time to time. It just makes the game more fun for the players and coaches. When the team buys into the philosophy and they become successful, everyone starts to have a blast even if the score may say something different. I know as my developing team gets better at their individual skills and we perfect these tactics, the wins will come. Until that happens, I'm satisfied with our small victories and confidence builders we are experiencing now thanks to the things I have learned from this book.

Excellent read for any coach, whether your learning the ropes as a rookie or need to fine tune a few things as a veteran. Excited to apply some new strategies in my upcoming tournament.

My husband read this and said it is amazing. He learned alot of strategies for his team and cannot wait to use these with his team.

I found the book useful in the spirit of what it conveys. For an experienced baseball coach, unfortunately, I did not find it riveting especially since I employ small ball tactics in that game already. I was looking for book that would give me new tools/ strategies for softball vs baseball. This book did inspire confidence in what I felt I already knew but I'd recommend this book to new first time coaches.
