Let the Queen of Romances present to you an amazing novel. A novel that you will completely fall in love with, and refer to all of your friends. This book is made for you to LOVE. JUST READ THE PREVIEW BELOW AND YOU'LL UNDERSTAND...
Matt Sanders was just like any other person. He breathed, he ate, he talked, and he walked. Due to an unfortunate explosion, Matt loses his ability to walk and he falls into a deep depression. He seeks out the help of Josie Wiseman, a scientist that created super cells that may or may not restore his walking ability. During the procedure, something went wrong and caused some unexpected results. The results weren't a big deal, but since it was an illegal operation, any information regarding the operation had to be eliminated including both Josie and Matt. And thus the fight for survival began. What YOU will get buying this book: An amazing novel A page turner Pure Entertainment A smile Your money's worth When you purchase the "Dragon Addiction" today, you'll save \$5 off the regular price and get it for a limited time discount of only \$2.99! Customer Reviews

When I got this book I didn't really know what I was going to read, until I read the plot and there I go hooked with the story. I love reading books like this, apart from my addiction of knowledgeable books I also try out novels like this one. I love how the story goes, the twists and turns of every event, the scene that seems so vivid and I feel like I'm already part of it. Great job to its author Veronica Miller

I am not into this kind of genre, however i was asked to give a honest review about the book. The book has been very well structured and written, with consideration to the pace of the story. The author give you just enough information for you to construct the sexual images in mind, which was very excellent as compared to many other book where they feed you the details. Well edited book with a skilled author.

Wow! I felt like I am watching an imaginary film while reading this book! All the adventurous/action scenarios were so enthralling and flowing. It is unlike the usual shape shifter books I've read- but this book has better and unpredictable storyline which makes it enjoyable to read. It sounds like a plotline in a movie. Very much recommendable!

Matt and Josie are such a great team in the Dragon Addiction. Josie is a hot scientist that trying to cure Matt by using a super cell. As things turn unexpectedly negative, they both fell in love with each other and end up in an action adventure with each other. It's a good entertaining read! I can't stop turning the page!

What an intriguing read! This book kept me hooked from the start. It's been a while since I've read a good fiction book and I'm so glad I stumbled on this one. The plot twists kept me wanting more! I

definitely am a fan of Veronica Millers writing style!

At first I wasn't really sure about this book, a good friend of mine suggested that I read it, but after I started reading I could not put it down. I ended up reading it in one sitting, I had to know what was going to happen next. HIGHLY RECOMMENDED.

I like stories where I can use my imagination. The author did great job with structure and using right words to understand stories easier. It was easy reading which makes your day better.
Recommended.

I was curious about the book and how the storyline would go, the book did not waste anytime being exciting from the first chapter until the end. It was an exciting read.
