Publisher: Kaplan Publishing; Ninth edition (November 3, 2015)

Language: English

ISBN-10: 1625232985

ISBN-13: 978-1625232984

Product Dimensions: 8.4 x 0.9 x 10.9 inches

Shipping Weight: 2.2 pounds (View shipping rates and policies)

Average Customer Review: 4.1 out of 5 stars 32 customer reviews

Best Sellers Rank: #31,137 in Books (See Top 100 in Books) #29 in Books > Education & Teaching > Higher & Continuing Education > Test Preparation > Graduate School > GRE #155 in Books > Education & Teaching > Studying & Workbooks > Workbooks #157 in Books > Education & Teaching > Studying & Workbooks > Study Guides

## Customer Reviews

For almost 80 years, Kaplan Test Prep (www.kaptest.com) has been helping students grow their knowledge, skills and confidence so they can be their best on Test Day. Our prep books and online

resources provide the expert guidance that students need at every step of their educational journey — incorporating years of test-specific data and strategies tested by Kaplan students and our own expert psychometricians. After helping millions of students, we know what works. Our guides deliver knowledge with clarity and simplicity while focusing on the specialized strategies that keep test-takers ahead of the clock and at the top of their game. We offer preparation for more than 90 standardized tests — including entrance exams for secondary school, college, and graduate school, as well as professional licensing exams for attorneys, physicians, and nurses. With a full array of self-paced and live online courses, as well as print books and mobile apps, you can use Kaplan to study on your own schedule and at your own speed. Kaplan's private tutors and admissions consultants supplement those offerings with one-on-one support.

The GRE Verbal Workbook prepares you for the Kaplan Test. This was a required textbook for my Senior Capstone course in interpreting. I will say the Kindle version is a nice companion. I have an iPad Mini, but with the Kindle app I can read it anywhere. As far as the material inside, it's quite hard. However, it does help tremendously to study this for better critical thinking skills, analytical writing, verbal reasoning, and quantitative reasoning. All these skills are developed over the course of many years. The Kindle versions are cheaper than the textbooks and I always opt-in for these for convenience as well. It's so much easier for me to lay in bed and read on my iPad.

This book really helped me prepare! I would order it earlier next time to have a little more time to prepare.

It was very helpful to me. However, the reading comprehension part is quite hard - just like on the real GRE exam.

Kaplan is really the best line of review/test prep books out there, imo. I've had some Princeton Review books in the past, but they were very poorly organized and FILLED with errors.

This book has edited wrong answers.

I tutor the GRE professionally, so I am reviewing this book from that perspective. The short answer regarding whether this book is useful is no. Since ETS makes so many verbal questions available, and since the technique offered by this book is so rudimentary, I don't recommend it. I'll start with

technique. Kaplan techniques are simple at the expense of effectiveness. They may work on easy Kaplan questions, but for many, they won't work very well on harder, more complicated GRE questions. For example, all reading comprehension question types are lumped into the same technique. It would be great if it were that simple, but it's not. The practice questions in the book look like GRE questions, but upon closer analysis they are much simpler and more straightforward. There is little point practicing with questions that would be way too easy for the real GRE to ever use. The reading passages are often FAR easier than any you'll see on the real GRE. The essay examples provided by the book lack critical thinking, merely presenting one side of an issue instead of analyzing the issue's complexity, counterarguments, and implications of the essay's thesis. These are not good models for your writing compared to the real sample essays that ETS provides for free on its website. Furthermore, there is no good reason to practice with Kaplan essay prompts; ALL the prompts ETS uses are published on its site. The book does have a good vocab / word roots section and some useful writing drills. But instead of using this book, I highly recommend you practice for GRE verbal with ETS questions and books. Try Manhattan Prep if you'd like more robust technique, as well.

Good book

Book came used when ordered new. Pages and work were written in pen.
