Modern Drummer Presents FUNdamentals Of Drumming For Kids

Synopsis

(Book). FUNdamentals of Drumming for Kids is the culmination of the collective experiences and educations of a professional player and a player/parent who both understand the tangible benefits of exposing children to music at a young age. Whether or not a child decides to pursue an instrument seriously, the skill set he or she develops will provide an edge in all aspects of education. This includes memory, creativity, and enhanced reading and writing skills.

This book is absolutely a must buy for parents of prospective drum musicians in elementary school. It is thorough with the background of musical beats for percussion (drums) and easy to read for any instructor or parent wanting to guide their young musicians. When finished with this dynamic book, I predict the student will be able to play (jam) to songs and obtain much enjoyment with the connection. I am an elementary school teacher who has drummed since age 12. Now in my 55+ age range, I continue to seek improvement. I sure wish this book was out when I was young. Buy it, you'll like it! And, it comes with a DVD! Great buy for your money. Sept. 2014

Fantastic! 7-year old grandson has a drum set now and was very excited to look at the book as well as - probably more often - watch the dvd. And his non-drummer Dad/Mom/Grandparents can serve as "coaches" by using the lessons in the book [even though we're not drummers]. It's laid out really well for facilitating skills that will build on each other in time... I hunted all over looking for something

like this and it looks like I found the right thing. Will report back if it fizzles, but my money's on this resource.

I ordered this book after attending a drum clinic by Rich Redmond. I can assure you this book is not just for kids. I am a 49 year old who started drumming about a year ago and found a lot of valuable information in the book as well as the DVD. Lots of great lessons and drills that will help drummers of any age. I would highly recommend this book to anyone thinking about playing drum for the first time or even a seasoned drummer looking for a refresher. Thanks Rich!

great

Rich Redmond is not only a great drummer for Jason Aldean, he is also a super inspiration for anyone seeking to play the drums. He shows his talent as a teacher in this book. I'm glad to call him a friend and a person who truly inspires you to be your best

This instruction book is spot on in starting a young person on the skills of playing the drum set. Mike and Rich have put a lot of thought into this book. As a musiceducator and percussionist , I highly recommend this book.

It met my expectations. I follow it up by attending Rich's Drum Clinics and drum shows with other drum clinics.

Phenomenal book for EVERY level! You want to "learn" how to play drums as a "kid"? This is the book for YOU! Learn from 1 of the masters!
