Synopsis

EasyWriter is the little handbook with the Andrea Lunsford difference. It features Andrea's friendly voice, her research-based Top Twenty, her recognition that writing today is increasingly digital and multimodal, and above all, her respect and appreciation for student writers' potential to change the world. When your students need reliable, easy-to-find writing advice for college and beyond, EasyWriter gives them what they need in a format that's easy to use and easy to afford. At a low \$20 net price, the sixth edition packs in even more support for writing academic and real-world genres, with examples of over 40 types of writing in the print and digital resources, and thoroughly revised documentation advice based on the 2016 MLA guidelines. EasyWriter can be packaged at a significant discount with one of two innovative digital products: Writer's Help 2.0, Lunsford version, or LaunchPad Solo for Lunsford Handbooks.

It is a a class book

Really simplistic but useful guide for my scholarly writing class in grad school. I strongly recommend this

Great item. used for college course and came brand new in packaging. Highly recommend if you need this for a course.

says its brand new but didn't come in packaging, also can't even tell if it was supposed to come with an access code-which it did not.

It is a good book. So please buy it. You have to write a review to use it. I hate that

Lundsford's "Easy Writer" has offered my students an essential resource in a of my college writing classes. The new edition's readability allows ease in both visual and verbal accessibility. I would recommend this tool for writers at all levels of expertise.
