I learned a lot from this book, and it really set the tone for my visit to New Orleans. It was published several years ago, so be sure to check for current information before visiting sites.

Good.

Being from the New Orleans area -- I like to see read this area's guide books and play the game of finding something wrong in whatever local guide book I am reading. Well this book seemed to get it all right. I couldn't find any boo boos. Another nice feature of the book was that it covered areas surrounding "The Crescent City." New Orleans is one of the world's greatest destinations. If you are a local or a visitor - this book will help you discover and rediscover "The Big Easy."
